MAIN PARTNERS

During 2019, Cuba participated in around 250 cooperation actions, projects and programs. Eight out of ten initiatives were implemented through Bilateral SSC. The remaining 18% was distributed in similar proportions between Regional (10%) and Triangular (8%) initiatives.

Although Cuba combined the exercise of several roles, it mainly acted as provider in terms of Bilateral SSC, these initiatives accounting for almost 86% of the total. Through this cooperation, Cuba contributed to strengthen capacities of a predominantly social dimension in sectors such as *Health, Education and Other services and social policies*, among others. On the other hand, and as recipient, it could enhance

its experience in economic-related matters such as *Agriculture and livestock, Extractive and Industry*, apart from strengthening its capacities in *Disaster management*.

In order to implement these 243 initiatives, Cuba associated with several countries among which Mexico, Colombia and Argentina stand out. Through these exchanges, Cuba contributed to the achievement of SDG 3 (Good health and well-being), SDG 4 (Quality education) and SDG 11 (Sustainable cities and communities).
