Around 69% of the 255 initiatives in which Chile participated between 2020 and 2021 were implemented through Bilateral SSC, followed by Regional SSC programs (21%) and Triangular Cooperation actions and/or projects (10%). Chile acted as provider in almost 60% of its Bilateral SSC and in 80% of the Triangular Cooperation carried out with other partners, while it mainly played the role both in Regional SSC programs.

This country was able to share its experience in Health, Strengthening institutions and public policies, Legal and judicial development and Human Rights and Other services and social policies, among others. Exchanges with other countries, in turn, contributed to strengthen Chilean knowledge and capacities in the following sectors: Agriculture and livestock, Other services and social policies, Education, Strengthening institutions and public policies, Management of public finances and Environment.

Chile’s main Ibero-American partners were Peru, Argentina and Mexico. Through these initiatives, this South-American country mainly contributed to the achievement of SDG 3 (Good health and well-being), SDG 16 (Peace, justice and strong institutions), SDG 11 (Sustainable cities and communities) and SDG 8 (Decent work and economic growth).
