Main partners

Between 2020 and 2021, Cuba had 305 cooperation actions, projects and programs under execution. In 90% of the cases, initiatives were executed through Bilateral SSC, 7% were implemented through Regional SSC and the remaining 3% were carried out through Triangular Cooperation actions and/or projects. Cuba's main partners were Argentina, Mexico and Colombia.

Cuba's role as provider stands out in 82% of this country's Bilateral SSC initiatives while it mainly acted as recipient in the framework of Triangular Cooperation. As for the initiatives in which it transferred its knowledge and experience to other Ibero-American partners, the work carried out in *Health, Education, Other services and social policies*

and *Energy* is worthy of mention. In turn, Cuba strengthened its own capacities in different sectors such as *Health, Industry, Agriculture and livestock* and *Strengthening institutions and public policies*.

Overall, exchanges in which Cuba participated contributed to the achievement of the 2030 Agenda, mainly through the alignment with SDG 3 (Good health and well-being), SDG 4 (Quality education) and SDG 11 (Sustainable cities and communities).
